Programs start
From
JUNE 29
To
JULY 19

Mid-day sun,
high in the mountains, and red clay track.
The sound of counting and chanting was in unison!

—CC·KKK!

In 2023, at Dowang Elementary School in Kuelien,
Fanny and her fellow volunteer teachers hosted a mini sports meet.
She anchored the rope, and her eyes were locked on the kids' feet.
With each swing, she carefully adjusted to match their timing. When the
rhythm's right, the kids looked as if they were flying!

The kids were out of breath, too, but nobody wanted to let the team down.
Seeing them give it their all for the win made Fanny nervous.
She couldn't be the one to mess up the tempo.
She was definitely feeling the aches and exhaustion,
but she held on until the very end.

It's all worth it.
